No. $\frac{672}{X-2}$ OF 1890.

FROM

C. J. CONNELL, ESQ., C.S.,

SECRETARY TO THE BOARD OF REVENUE, N.-W. PROVINCES.

TO

THE SECRETARY TO GOVERNMENT,

NORTH-WESTERN PROVINCES AND OUDH,

REVENUE DEPARTMENT.

DATED ALLAHABAD, THE 24TH JUNE 1890.

SIR,

Present:
W. KAYE, ESQ.,
Offg. Junior Member.

Introductory.

I AM directed to submit, for the orders of His Honor the Lieutenant-Governor and Chief Commissioner, the annual report on the administration of estates held under the superintendence of the Court of Wards of the North-Western Provinces for the revenue year ending 30th September 1889.

2. The delay in the submission of the report was alluded to in this office No. $\frac{317N.}{X-2}$, dated 26th May 1890. The accounts of the Bamrauli estate in the Sháhjahánpur and Pilibhít districts were not received in this office till 3rd June 1890, and the appendices to the report which were sent to the Government Press on 3rd May were not taken in hand for some three weeks after that date.

Number of estates under management during the year.

3. At the close of 1887-88 there were 103 estates under management, 14 estates were released during the year and 19 new estates were brought under management, thus leaving 108 estates at its close.

Estates released during the year.

4. The following were the estates released during the year:—

100	Gopalpur No. II ...	Ditto ...	(*b*) Ditto ditto.

Alexander Skinner's Estate, Bulandshahr district.—A brief history of this estate was given at pages v and vi of the report for 1887-88. The estate was released on 19th January 1889.

Bilas Chand's estate, Bijnor district.—This estate which was owned by Bilas Chand, a minor, was, at the recommendation of the local officers, taken under the management of the Court of Wards under clause (*b*), section 194, Act XIX of 1873, on 6th October 1883. It comprised one whole mahál and a share in another mahál; the rental at the time of assumption of charge was Rs. 1,667, and the demand for revenue and cesses Rs. 805. On assumption of charge a decree for Rs. 1,598 was standing against the estate, and in order to satisfy this claim a loan of Rs. 1,600 at 7 per cent. interest was granted from the funds of the Sherkot estate. This loan was paid off on 23rd June 1886. The minor, Bilas Chand, died of cholera on the 6th September 1886, and his estate fell in equal shares to his uncle Sil Chand and his cousin Parbin Singh, a ward of Court. The share of the former was released during the year under report, and that of the latter being partitioned off from that of Sil Chand remained under the Court's management. During the term of management the rental of the estate increased by Rs. 68.

Estate of Shyam Sundar and Shyam Saran, Moradabad district.—This estate was made over by the Civil Court for management under Act XL of 1858. Formal charge was assumed on 8th September 1879 when the debts due from the property aggregated Rs. 2,243. It consisted of shares in 14 mahals with a rental demand of Rs. 1,098, and is owned by Shyam Sundar and Shyam Saran. The Government demand for revenue and cesses is Rs. 545. The elder ward, Shyam Sundar, attained his majority on 1st November 1888, and the property was made over to him on that date with the concurrence of the Civil Court. On the date of release the estate was free from encumbrances and had to its credit a cash balance of Rs. 130 and Rs. 200 in Government promissory notes.

Sirsajat estate, Moradabad district.—A notice of this estate will be found on page xi of the Court of Wards report for 1885-86. It is owned by Suraj Nath, Bishambhar Nath and Niranjan Nath, and was, owing to their minority, brought under the Court of Wards by order of the Judge of Moradabad. Suraj Nath came of age on 22nd January 1887, but as he was then studying in the B.A. class of the Muir College, Allahabad, and was desirous of passing the examination before undertaking the management of his own and his brothers' property, he submitted an application to be declared disqualified under clause (*g*), section 194, Act XIX of 1873, and his request was, on the recommendation of the Board, granted by G. O. No. $\frac{1334}{\text{I—244A.}}$ of 1st October 1887. The estate was released from management in January 1889, when Bishambhar Nath and Niranjan Nath, who are twins, attained their majority. It was under management for about two years and seven months. During this period the debts were reduced from Rs. 2,555 to Rs. 1,801, or by Rs. 754. On the date of release the proprietors received in cash Rs. 4,106. The balance of the debt was liquidated by private arrangement shortly after the estate was released.

Bharaoti estates, Budaun district.—The properties known as the estates of Jai Singh, Rai Singh and Beni Singh in talúka Bharaoti were made over to the Collector for management under Act XL of 1858 by orders of the Judge of Sháhjahánpur dated 28th August and 21st November 1888. The minor proprietor of Beni Singh's estate having died, his estate was made over to his mother on 15th April 1889. The Judge subsequently granted certificates (1) to Parbal Singh, the maternal grandfather of the minors, to administer the estate of Jai Singh, and (2) to Jhunni Singh, a connection of the family, to administer the estate of Rai Singh. These estates were released on 21st August 1889. There were no receipts and charges during the short time the estates were under management.

Kurria estate, Sháhjahánpur district.—This estate belonging to Baldeo Singh, Narain Singh and Hulas Singh, minors, was placed under the management of the Collector under Act XL of 1858 by order of the Civil Court, dated 22nd September 1881, there being no adult relative of the minors capable of being entrusted with the

management. It consisted of shares in two villages and a house valued at Rs. 400, and the total debts due by it when management was assumed amounted to Rs. 7,899. In order to pay off these debts one of the shares owned by the estate was sold for Rs. 8,885 in 1883. On a report being made that Baldeo Singh and Narain Singh were competent to take charge of their shares, the Board directed the Collector to make an application to the Judge to release their shares and to grant administration of Hulas Singh's share to Baldeo Singh. This was done and the estate was released from 1st April 1889 by order of the Civil Court. At the time of release debts amounting to Rs. 1,218 were due to the estate.

Agona Buzurg, Sháhjahánpur district.—The proprietors of this estate are Hira Lal and Ram Lal. It consists of a five biswa share in mauza Agona. In September 1883 Ram Lal's share was placed under the Collector's charge by the Judge of Sháhjahánpur in accordance with the provisions of Act XL of 1858. Hira Lal who was then an adult applied for disqualification under clause (*g*), section 194, Act XIX of 1873, and his request was granted in G. O. No. $\frac{1212}{499}$ of 13th October 1884. The debts due from the estate when superintendence was assumed, amounting to Rs. 450, were cleared off by a loan of that sum from the Kurria estate in the Sháhjahánpur district. This loan having been discharged from surplus profits the property was made over to Hira Lal with the permission of the Civil Court on 3rd September 1888. The demand for rent and sayar was then Rs. 377, and the Government demand for revenue and cesses Rs. 213. The estate is shown as released in the year under report as the cash balance of Rs. 66 was not drawn by Hira Lal till after 1st October 1888.

Barwa Khurd estate, Cawnpore district.—This estate originally belonged to Pandit Gopi Nath, a Deputy Collector, to whom the proprietary rights in mauzas Barwa Khurd and Manpur and a 3 anna share in Rampur, together with a bágh, were granted as a reward for loyal services rendered during the mutiny under a Sanad of the Board of Revenue dated 20th July 1866. On his death the estate was placed under the management of the Court of Wards by the Civil Court on behalf of his minor son, Ram Prasad. During the Court's management the rent-roll of the original estate was raised from Rs. 2,190 to Rs. 2,564. Two maháls in mauzas Durgapur and Niswan were purchased for a sum aggregating Rs. 9,900 and various improvements effected. The ward who was brought up and educated under the care of his uncle took a B.A. degree. The estate was restored to the proprietor on the 27th March 1889 when Government promissory notes of the value of Rs. 6,000 which had been purchased from the savings of the estate, together with a cash balance of Rs. 815, were made over to him.

Estate of Kishen Chand and Gokul Chand, Bánda district.—This property was brought under the Court of Wards in June 1882, the proprietors, Kishen Chand and Gokul Chand, having been, on their own application, declared disqualified under clause (*g*), section 194, Act XIX of 1873, from managing it by G. O. No. 938 of 31st May 1882. The estate was encumbered with debts amounting to Rs. 86,643 on the date of assumption of charge. To liquidate the greater portion of these debts which carried high rates of interest a loan of Rs. 75,000 was obtained from Seths Gokul Das and Ballabh Das, bankers at Jabalpur, at 7 per cent. interest per annum. At the close of 1887-88 the balance of this loan amounted to Rs. 31,448. As the proprietors were anxious to assume charge of the estate they remitted this amount together with interest up to 30th April 1889 to the Jabalpur bankers. Part of this sum was paid in by them and the remainder was deposited by a third party as the purchase money of a village which it was proposed to sell with the consent of the Jabalpur bankers. The disqualification of the proprietors was removed by G. O. No. $\frac{936}{I—536A.}$, dated 20th June 1889, and they were put in possession of the estate on 22nd July 1889. The estate when taken over had a rental of Rs. 63,092 which decreased by degrees to Rs. 53,903 in 1887-88. This decrease was due partly to the redemption

of shares held by the estate in mortgage and to reduction to the settlement rate of rack rents in force prior to assumption of charge, and partly to the deterioration of lands by the spread of *kâns* grass. The embarrassed condition of the estate prevented any large expenditure on improvements. During the period of management Rs. 450 were spent on repairs to wells and embankments and Rs. 681 on the construction of a well.

Sheikh Faiyaz Ali's estate, Allahabad district.—This large property originally belonged to Sheikh Faiyaz Ali, a pleader, who was rewarded by Government for good service in the mutiny with Rs. 8,000 in cash and a village paying a jama of Rs. 1,000. He died in December 1873 leaving two sons, Sadr-ud-din, an adult, and Mumtaz-ud-din, then a minor, and several daughters. By his will, after charging on the estate certain money allowances for his widows, Lutfan Bibi and Meja Bibi, he bequeathed the bulk of the property to his sons, and appointed his elder son, Sadr-ud-din, guardian of Mumtaz-ud-din during the minority of the latter. In March 1877 Sadr-ud-din died leaving a widow, Musammat Hajra Bibi, a son, Muhammad Ismail, and two daughters, Majida Bibi and Sajida Bibi; a posthumous child, Abdul Kadir, was also born in the month of June in the same year. After the death of Sadr-ud-din the Judge of Allahabad, under Act XL of 1858, appointed Musammat Lutfan Bibi guardian of the deceased's minor children and manager of their property. The Judge subsequently revoked his previous order at the request of Lutfan Bibi, and directed the Collector to assume management of the entire estate including the share of Mumtaz-ud-din. The property was taken under the Court of Wards on 13th June 1878 when it was heavily involved the debts aggregating Rs. 1,12,471. To pay off the old debts 81 mahâls or shares as well as some house property were sold for Rs. 76,000 and a loan of Rs. 36,000 was obtained from Partab Chand's estate under the superintendence of the Court of Wards in the Allahabad district at 7 per cent. interest. Mumtaz-ud-din on coming of age in September 1881 was declared disqualified from management on his own application under clause (*g*), section 194, Act XIX of 1873, by G. O. No. 364 of the 10th March 1882. The property was from 1885-86 leased to Mumtaz-ud-din with a view primarily to his qualifying for estate management, and the Collector's reports show that he acquitted himself of the charge creditably. The estate was cleared of its liabilities in 1887-88 in which year it would have been released but for the delay on the part of the Civil Court to accord sanction to the relinquishment of charge. The property was made over to Mumtaz-ud-din on 4th January 1889 with a cash balance of Rs. 9,464. The proprietors are (1) Mumtaz-ud-din, (2) Muhammad Ismail and (3) Abdul Kadir; Lutfan Bibi and Hajra Bibi also have been shown in Court of Wards' reports as co-proprietors. These ladies renounced their rights in the estate in favour of their sons; but as such renunciation would not hold good under the Muhammadan Law and might be contested by a collateral heir, they were declared disqualified under clause (*g*), section 194, Act XIX of 1873, by G. O. No. 153, dated 28th January 1880. The rights of Majida Bibi and Sajida Bibi, daughters of Sadr-ud-din, in their father's property are not recognised by family custom, although included in the scope of the Judge's order making over the estate for management. Owing to a clerical error Mumtaz-ud-din was not shown as a proprietor in Statement I of the Court of Wards' report for 1887-88. As the estate was in debt no original works of improvement were carried out during the period of management though Rs. 2,243 were spent in repairing embankments, bungalows, &c. A sum of Rs. 7,493 was laid out on the purchase of certain zamíndári shares which it was considered advisable to purchase. At the time of release the estate comprised 14 entire mahâls and 40 shares with a rental of Rs. 19,862. The Government demand for revenue and cesses was Rs. 10,047 and Rs. 1,204 respectively. Muhammad Ismail studied under a private tutor and also at the Allahabad Zila School. Owing to continued absence and inattention to study his name had to be struck off the roll. Abdul Kadir attends the same school where he is making fair progress.

Radha Mohan's estate, Allahabad district.—This small estate was made over to the Collector for management under section 12, Act XL of 1858, by order of the Judge of Allahabad, dated 29th June 1888, but management was not assumed till 1st October 1888. It is composed of shares in three villages and is owned by Radha Mohan, a minor. The income of the property is Rs. 460, and the Government demand for land revenue, cesses and patwâri rate Rs. 230. The ward having attained his majority on 15th September 1889 the estate was released from 1st October 1889 with the concurrence of the Judge.

Dube estate, Jaunpur district.—This estate was originally taken under the management of the Court of Wards in 1859 in consequence of the minority of Rája Lachmi Narain. It was then encumbered with debts amounting to Rs. 2,00,000. These debts with the exception of Rs. 16,000 were paid off during the period of management which continued till 1869 when the estate was released on Rája Lachmi Narain coming of age. In 1875 Rája Lachmi Narain died and the estate passed to his cousins Harihar Dat Dube and Shankar Dat Dube. The property was for a second time taken under charge in 1878 in accordance with the orders of Government conveyed in G. O. No. 3358A., dated 20th November 1878, disqualifying Rája Harihar Dat and Babu Shankar Dat from managing it under clause (*g*), section 194, Act XIX of 1873. At this time the estate was heavily involved and greatly disorganized. A special officer was deputed to investigate the claims against the estate, and as a result he managed to induce several of the creditors to reduce their claims, thus saving to the estate over a lakh of rupees. In order to render the debts and the estate somewhat more manageable 93 villages or shares of villages far away from the bulk of the property with a gross rental of Rs. 47,196 were sold for Rs. 3,61,155. Eight houses in the Benares district were also sold for Rs. 13,755. From these sums together with the profits of the estate, and a loan of Rs. 3,00,000 obtained from the Allahabad Bank at 8 per cent. interest, the old debts were liquidated. The payments of debt from the profits alone amounted to Rs. 3,90,842. At the close of 1887-88 a balance of Rs. 19,892 was due to the bank. This amount having been paid off during the year under report the estate was made over to Rája Harihar Dat Dube with the sanction of Government conveyed in G. O. No. $\frac{641}{I—513A.}$ of 2nd May 1889. During the second term of management the Rája's residence at Jaunpur and the garden house at Benares were put into thorough repair at a cost of Rs. 26,448, while Rs. 9,043 were expended on construction of and repairs to wells, tanks and embankments. A sum of Rs. 1,550 was also devoted to miscellaneous works of improvement. At the time of the reintroduction of the Court's management in 1878 the estate had a gross rental of Rs. 2,59,231 which, after deduction of the rental of the villages sold, stood at Rs. 2,12,035 as compared with Rs. 2,35,278 in 1888-89 the year of release. The increase of Rs. 23,243 is due to careful management. The property was restored to the proprietors in a flourishing state with Rs. 11,556 in cash. On the date of release there were due to the estate debts secured by decrees to the extent of Rs. 30,546. The initial arrangements for the term of management which has just ended so successfully were made at the cost of much time and trouble by Mr. G. E. Ward, then Collector of Jaunpur. Much credit is also due to the late special manager, Babu Parsotam Das, now a Deputy Collector in these provinces.

Aghwar estate, Mirzapur district.—This small property of one anna and four pie share in mauza Aghwar belonged to a minor and was taken under the Court of Wards in June 1874. The rental and revenue demands were Rs. 114 and Rs. 43 respectively. The estate was free from debt when taken over. The proprietor, Nand Kumar Pande, came of age on 26th July 1889 and the estate was then released from management. It held Rs. 300 in Government promissory notes and had a cash balance of Rs. 105 on the date of relinquishment of charge. Nand Kumar Pande is reported to be of weak sight and deficient intellect and in consequence made little progress in his studies.

Gopalpur estate, No. II, Mirzapur district.—The owners of this estate are—

(1) Satya Narain Singh,
(2) Ram Narain Singh, and
(3) Bhup Narain Singh.

They were all minors when it was taken over in 1875. The debts due from the estate before assumption of management, amounting to Rs. 8,195, were entirely liquidated from the sale proceeds of a share in the village of Raikara and of the forest produce in the same village, and from a sum of Rs. 4,000 out of the Rs. 12,012 obtained as a loan from the Kantit estate in the Mirzapur district on the joint security of Gopalpur No. I and Gopalpur No. II estates. Though the estate repaid Rs. 4,000 to the Rája of Kantit in 1881, it could not be released until Gopalpur No. I had cleared off its portion of the Kantit loan. It was for this reason that Satya Narain Singh and Ram Narain Singh on attaining majority were, on their own applications, declared disqualified under clause (*g*), section 194, Act XIX of 1873, by G. O. Nos. 2455 of 16th November 1883, and $\frac{278}{1-129A.}$, dated 7th March 1887, respectively. Bhup Narain Singh came of age in May 1888 and applied for restoration of the property, stating that he and the other proprietors were willing to pay off the balance due to the Kantit estate from Gopalpur No. I if the Rs. 1,000 owed by that estate to Gopalpur No. II and the money to be paid by the latter to the Rája of Kantit on account of Gopalpur No. I were consolidated into a single debt bearing 6 per cent. interest payable to Gopalpur No. II. This arrangement was accepted and the estate made over to the proprietors on 4th July 1889. On the date of release the estate had a cash balance of Rs. 326 and an invested surplus of Rs. 1,130. The rental demand was Rs. 1,061, and that for revenue and cesses Rs. 389. The two elder wards attended the Mirzapur Zila School for a short period; the younger ward passed the middle class examination this year and is still prosecuting his studies at the same school.

Murari Lal's estate, Meerut district.—This estate consisting of one whole village and shares in 10 others, two of which are revenue-free, is owned by Bulaki Das, minor, and was made over to the Collector for management under section 12, Act XL of 1858, by order of the Judge of Meerut dated 24th December 1888. Besides this property the minor owns 25 shops and 9 houses in the city of Meerut, and shares in shops and houses in the Muzaffarnagar and Moradabad districts. The

ordinary income of the property is Rs. 8,065, and the demand for land revenue, cesses and patwári rate Rs. 3,003. The debts due by the estate when charge was assumed amounted to Rs. 7,984 and those due to it to Rs. 7,320. The ward who was born on 2nd February 1880 is being educated at the Meerut Tahsíli School.

Musammat Jasoda Kuar's estate, Mainpuri district.—This estate consisting of one entire village and shares in four other villages is owned by Musammat Jasoda Kuar, aunt of the ward Lal Ishri Prasad Narain Singh of the Karauli estate under the Court of Wards, and was taken under management under clause (*g*), section 194, Act XIX of 1873, under the authority conveyed in G. O. No. $\frac{1895}{I—477A.}$, dated 21st December 1888. Musammat Jasoda Kuar is a childless widow aged 60 years and has only a life interest in the property. On her death it will descend to the abovenamed ward as reversionary heir. The income of the property is estimated at Rs. 6,000, and the demand for land revenue and cesses at Rs. 3,074. When charge was assumed the debts due by the estate amounted to Rs. 13,700, and to pay off this amount a loan was advanced from the funds of the Karauli estate in the same district on a simple mortgage of the property. The Collector, however, subsequently succeeded in adjusting Rs. 12,875 by a cash payment of Rs. 11,750 or reducing the original debt by Rs. 1,125.

Roshangpur estate, Etáwah district.—This estate is owned by Raghubar Singh, the adopted son of Manik Chand, Sangha Brahman of Roshangpur. Owing to the mismanagement of the estate by Gaya Parshad, the guardian of the minor, the matter was brought to the notice of the Judge of Mainpuri under whose orders Gaya Parshad was appointed guardian in 1887. In November 1888 the Judge called on Gaya Parshad for certain explanations and finding his replies unsatisfactory he, by an order dated 22nd November 1888, dismissed Gaya Parshad from his post of guardian and made over the estate to the Collector for management under Act XL of 1858. The estate consists of six whole villages and of shares in five villages in the Etáwah district and one village in the Jalaun district. The ordinary income is Rs. 13,410, and the demand for land revenue and cesses Rs. 5,573. When charge was assumed the debts due by the estate amounted to Rs. 2,442 while, on the other hand, the debts due to it amounted to Rs. 2,744. The ward who is 18 years of age is being educated in the zila school at Etáwah.

Chet Singh's estate, Etah district.—This estate consisting of five villages in the Etah district is owned by Chet Singh, a minor, and was taken under the Court of Wards under clause (*b*), section 194, Act XIX of 1873, on the 5th September 1889. The Government demand for land revenue and cesses is Rs. 2,990, and the present estimated income Rs. 2,170. The estate is involved in debts to the extent of Rs. 19,907 including interest. A special officer having been deputed to this district for the purpose of revising assessments the Collector has been instructed to pay nothing towards the liquidation of the debts, but to await the result of revision, and the Commissioner has been authorized to sanction any suspensions he considers necessary. There were no receipts and disbursements during the time the estate was under management in 1888-89.

Parshadi Lal's estate, Muttra district.—This estate was made over to the Collector for management under section 11, Act XXXV of 1858, by order of the High Court dated 5th April 1889, but charge was not assumed till 19th September 1889. The estate is owned by Parshadi Lal, lunatic, and is comprised of six villages (five in the Muttra district and one in the Aligarh district). Besides these villages the estate owns 25 shops, 7 houses, 3 gardens, one temple and one kunj. The income of the property is estimated at Rs. 2,864, and the demand for land revenue and cesses at Rs. 737. There were no receipts or disbursements during the year.

Pedi estate, Bijnor district.—The charge of this estate was assumed under clause (*e*), section 194, Act XIX of 1873, under the authority of Government conveyed in

G. O. No. $\frac{986}{I-321A.}$, dated 18th July 1888; but as no accounts were rendered for 1887-88 no detailed account of it was given in the Court of Wards report for that year. It consists of shares in ten villages, including also certain assumed muáfi patches of the estimated value of Rs. 1,000, and is owned by one Saiyid Raza Husain. The ordinary income of the property is Rs. 1,125, and the Government demand for revenue and cesses Rs. 252. When charge was assumed the estate was indebted to the extent of Rs. 12,397, but subsequently a loan of Rs. 9,000 at 7 per cent. was taken from the estate of Begam Mashuk Mahal to pay off the debts.

Musammat Anandi's estate, Bijnor district.—This estate consisting of seven shares in villages was made over to the Collector for management under section 12, Act XL of 1858, by order of the Judge of Moradabad, dated 8th September 1888. Besides the above property the estate owns two shops, three houses and an orchard with some masonry buildings. The minor ward, Musammat Anandi, who is 16 years old, is the widow of one Shankar Lal who is said to have been adopted by Gauri Lal, his paternal uncle. Gauri Lal died in 1885 leaving a widow, Musammat Badamo. Dhanpat Rai, Gauri Lal's brother, obtained mutation of names in favour of his son Shankar Lal conjointly with Musammat Badamo in his brother's estate. When Shankar Lal died in 1887 his widow, Musammat Anandi, the ward, succeeded to the property which is composed of two estates, one inherited by Shankar Lal from his adoptive father, Gauri Lal, the other purchased by him from his natural father, Dhanpat Rai. Her right of succession to the former is disputed by Musammat Badamo on the ground that Shankar Lal was not adopted by Gauri Lal, and she has filed a suit in the Court of the Sub-Judge of Moradabad for the complete possession of the property. The ward's right to the latter estate is disputed by Dhanpat Rai who denies the execution of the registered deed of sale in favour of Shankar Lal. The property is in possession of Musammat Badamo and others and the Court of Wards is unable to sue for possession till the result of the suit pending in the Moradabad Sub-Judge's Court is known. Mathura Das, father of the ward, with whom she lives declined to act as administrator for his daughter, but has advanced Rs. 50 to defend the suit against the estate there being no funds at its disposal to meet the necessary expenses. The Legal Remembrancer has arranged for the defence of the suit. As no property was in the possession of the Court of Wards there were no receipts or disbursements during the year.

Bharaoli estates, Búdaun district.—*Vide* narrative printed at page ii.

Zafar Ali Khan's estate, Sháhjahánpur district.—This estate was owned by Bahadur Ali Khan who died in April 1885 leaving a minor son Zafar Ali Khan. On Bahadur Ali Khan's death a certificate of administration was granted to Bashir-ullah Khan the maternal uncle of the ward; but owing to his mismanagement the Civil Court cancelled the certificate of administration, and by an order dated 21st November 1888 made over the property to the Collector under Act XL of 1858 for management by the Court of Wards. Charge was formally assumed on the 1st December 1888. The property consists of half shares in two villages, a revenue-free patch of one rood, 22½ poles, a house valued at Rs. 1,000 and a grove valued at Rs. 122. The ordinary income of the estate is Rs. 791, and the demand for land revenue, cesses and patwári rate Rs. 339. When charge was assumed the debts due by the estate amounted to Rs. 3,883. As the profits after defraying necessary expenses for the management, &c., of the estate barely sufficed for payment of the interest a half share in one village, together with the house and grove, were ordered to be sold. The half share was put up to auction after the close of the year and fetched Rs. 1,250. The ward who is 16 years old is being educated by his uncle Tazam-ullah Khan who also provides for his maintenance.

Khamaria estate, Sháhjahánpur district.—This estate is owned by Kanhaiya Lal, Kalwár, who was 12 years old on the 30th September 1889. It is composed of three whole maháls and shares in six others, two groves, six shops and a house, and was, on

the recommendation of the local officers, taken under the Court of Wards on the 23rd October 1888, under clause (*b*), section 194, Act XIX of 1873, there being no male relative capable of taking charge of the property. The ordinary income of the estate is Rs. 10,840, and the Government demand for land revenue and cesses Rs. 6,536. When charge was assumed the estate had a cash balance of Rs. 7,000. During the year Rs. 5,000 were invested in Government paper and Rs. 1,300 were advanced as a loan to the Bhatpura Rasulpura estate in the same district. At present the ward receives private tuition.

Bhatpura Rasulpura estate, Sháhjahánpur district.—This estate which consists of 14 whole maháls and shares in two others in the Sháhjahánpur district and two villages in the Kheri district belonged to the late Misr Baldeo Parshad, an Honorary Magistrate in the city of Sháhjahánpur. He died in September 1888 leaving a minor son Sheonarain. There being no one to whom the management could be entrusted the property was, on the recommendation of the local officers, taken under the management of the Court of Wards under clause (*b*), section 194, Act XIX of 1873. The income of the property, including that in the Kheri district, is Rs. 21,650, and the demand for land revenue and cesses Rs. 11,640. To clear off a portion of the liabilities of the estate which amounted to Rs. 28,564 a loan of Rs. 20,000 at 7 per cent. interest was obtained from a firm of bankers at Jabalpur, and Rs. 1,300 at 7 per cent. interest from the funds of the Khamaria estate in the Sháhjahánpur district. The remainder of the debts due from the estate were paid from the surplus profits of the year. The debts due to the estate on assumption of charge amounted to Rs. 5,986. The minor who is being educated in the tahsíli school, Nawábganj, was born on 4th August 1882, and was seven years of age on 30th September 1889.

Banajakha estate, Cawnpore district.—This estate which is merely a portion of a larger estate situated in the Jabalpur district managed by the Central Provinces Court of Wards consists of a village in pargana Akbarpur The rental and revenue demands are Rs. 777 and Rs. 400 respectively. The proprietors are (1) Narbada Prasad, a minor, and (2) Musammat Sham Kuar who was declared disqualified from managing her share in the estate by G. O. No. $\frac{1239}{I-554A.}$, dated 17th August 1889.

Misri Lal's estate, Cawnpore district.—This estate was placed under the management of the Collector under section 12, Act XL of 1858, by an order of the Judge dated 29th November 1888, and charge was formally assumed on 7th December 1888. The property consisted of 26 shares in villages and 31 kachcha houses and is owned by Misri Lal, a minor, aged 13 years, seven months and 28 days on 30th September 1889. When charge was assumed the estate was encumbered with debts amounting to Rs. 30,484, and to liquidate the greater portion of this amount, 20 out of the 26 villages shares were sold by public auction for Rs. 28,680 : the balance of the debts will be paid off from the surplus profits of the estate. At the close of the year the estate consisted of six shares the recorded rental of which is Rs. 5,576 and the demand for land revenue and cesses Rs. 2,726. The ward is being educated in the zila school.

Radha Mohan's estate, Allahabad district.—*Vide* narrative printed at pages iv and v.

Hardial Lohar's estate, Jaunpur district.—This small estate consisting of ¼th share in four bíghas, 16 biswas and 19 dhurs of a fixed rate tenure, $\frac{1}{16}$ share in 13 mahua and mango trees and half a share in a kachcha thatched house was owned by Hardial Lohar who emigrated to the colony of St. Lucia in 1878. He died intestate leaving a widow and two minor sons aged 17 and 12 years respectively. The widow being incapable of managing the estate it was made over by the Civil Court to the Collector for management under section 12, Act XL of 1858. The income of the estate is Rs. 3. When charge was assumed there was a cash balance to its credit of Rs. 875.

Sangaband estate, Mirzapur district.—This estate consists of one village in the Gonda Bajia tappa of Dudhi and was settled in zamíndári tenure with Shiubalak Maji who became involved in debt to the extent of Rs. 3,000 for the repayment of which his property was hypothecated. As Shiubalak was unable to repay this amount, as a special case, a State loan of Rs. 3,000 with interest at 5 per cent. was sanctioned by the Government of India in their No. 3731, dated 10th July 1888, and Government was placed in usufructuary possession of the property. The estate is treated similarly to a Court of Wards estate and is managed under the Court of Wards rules, but is not strictly speaking under its jurisdiction. The income of the estate is Rs. 549, and the cash rent demand payable to the Dudhi estate is Rs. 209.

Kodai estate, Gházipur district.—This small estate which consists of a tenancy holding of 25 bíghas is owned by Mahadeo Singh, a minor, and was made over to the Collector for management by the Court of Wards under Act XL of 1858 by an order of the District Judge of Gházipur dated 21st April 1888. Charge was, however, not formally assumed till 1st October 1888. The income of the estate is Rs. 112 and the rent payable by it to the zamíndár is Rs. 52. The minor was 18 years, 6 months and 20 days old on 1st October 1889.

Sarju Prasad's estate, Gorakhpur district.—This estate which consists of 51 whole villages and shares in 199 others in the Azamgarh, Basti and Gorakhpur districts in the North-Western Provinces, some small shares in the districts of Saran and Shahabad in Bengal, house property of the value of Rs. 1,93,255 and a large banking business at Gházipur and Calcutta was owned by Sarju Prasad, treasurer of the Gorakhpur Collectorate, who died on 29th February 1888 leaving a minor son, Bhagauti Prasad, 14 years and 10 months old on 30th September 1889. The property was taken under management under section 194, Act XIX of 1873, by order of the Board dated 22nd September 1888. The ordinary income is Rs. 60,947, and the Government demand for revenue and cesses Rs. 34,240. The debt due from the estate was only Rs. 833, but on the other hand the debts due to it amounted to Rs. 3,65,630 when charge was assumed. The greater portion of this amount represents compound interest and is reported to be hopelessly irrecoverable. When charge was assumed the estate had Rs. 1,48,200 invested in Government promissory notes and cash and jewellery of the value of Rs. 1,03,984. As it was impossible for the Court of Wards to work the banking business at Gházipur and Calcutta satisfactorily the Board directed the Collector to wind it up as speedily as possible. The family took the strongest objections to this order as it involved considerable present loss and the certain loss in the future of a handsome income estimated at Rs. 60,000 a year, and at the same time closed to Bhagauti Prasad the opportunity of taking his father's place as a mahájan when he should come of age. On a strong representation of these circumstances the Board formally sanctioned the release of the estate, but before it was made over to Musammat Parbati Bibi, the mother of the ward, she was directed by the Collector to obtain a certificate of administration which was refused by the Judge of Gorakhpur who, by an order dated 3rd September 1889, placed the estate under the management of the Collector under section 12, Act XL of 1858. This order was on appeal reversed by the High Court and the estate was released from the Court's management on 14th February 1890.

Brijnandan Das' estate, Gorakhpur district.—This estate which was owned by Brijnandan Das, a lunatic, was made over to the Collector of Gorakhpur for management by the Court of Wards under section 9, Act XXXV of 1858, by order of the Judge of Gorakhpur, dated 13th August 1889. Musammat Sahodra Bibi, the mother of the ward, filed an appeal in the High Court against the order of the District Judge, but this was dismissed. The estate consists of 19 entire villages, shares in 57 others and 18 shares in málikána right scattered over the districts of Gorakhpur and Basti, and 50 houses. The estate in addition owns a banking business in Gorakhpur and a branch thereof at Calcutta which are practically bankrupt. The

business was formerly carried on by gomashtas, and was kept up by the issue and renewal of bills of exchange, the Bank of Bengal holding bills drawn by the Gorakhpur firm to the extent of Rs. 40,000 which, owing to the want of funds, could not be paid. These bills have since been renewed for a further period and the Collector has been instructed to have the banking business wound up as soon as possible. The income of the property is estimated at Rs. 21,500, and the demand for revenue and cesses at Rs. 9,600. The debts due by the estate when management was assumed amounted to Rs. 75,000, while on the other hand the recoverable debts due to the estate are estimated at Rs. 76,513. The estate having been taken charge of by the Collector on the 24th August 1889 there were no receipts and expenditure during the year. Since management was assumed the lunatic Brijnandan Das has died, and has been succeeded by his minor son, Sikhir Chand, a boy 6 years old in whose name the estate is now managed.

Classification of estates.

6. The estates under the Court of Wards are classified as follows :—

Clause.	Number of estates.
(*a*) Females deemed by the Local Government incompetent to manage their estates	9
(*b*) Minors { Estates made over by the Civil Court	46
(*b*) Minors { Ditto taken over by the Court of Wards on its own motion	44
(*c*) Idiots	1
(*d*) Lunatics	4
(*e*) Persons otherwise rendered incapable by physical defects or infirmities from managing their estates.	1
(*g*) Persons declared by the Local Government, on their own application, to be disqualified from managing their estates.	39
Estates managed under section 11, Act XXXV of 1858	1
Encumbered estates managed by, but not under the jurisdiction of, the Court of Wards ...	1
Total ...	146

The 146 estates here exhibited actually represent 122 estates. The apparent discrepancy is due to several estates being managed under more clauses than one.

Modification in statements.

7. The columns of Statement III have this year been altered in accordance with the instructions contained in G. O. No. $\frac{13}{I-427}$, dated 4th January 1890. The headings of columns 9 and 10 of Statement IV have been altered so as to show the collections of arrears and advance collections made on account of the following year, and that of column 26 to show the percentage of revenue to rental receipts in column 9. The total of columns 9 and 10 of Statement IV now agree with the total of columns 11 and 18 of Statement III.

Release of estates held solely with a view to clear off their liabilities.

8. The Board have, as far as possible, given effect to the policy of Government of releasing estates held with a view of clearing off their liabilities. Of estates so held the following were released during the year :—Seths Kishan Chand and Gokul Chand, Bánda district; Shaikh Faiyaz Ali, Allahabad district; and Dube estate, Jaunpur district.

As suggested by Government in G. O. No. $\frac{1317}{I-718}$, dated 3rd September 1889, the information furnished by the Board in this office No. $\frac{1517N.}{X-105}$, dated 25th August 1889, as to the result of the management by the Court of Wards of estates of persons disqualified on their own application under clause (*g*), section 194, Act XIX of 1873, has been incorporated in this report and will be found in Appendix B.

Extent of landed property of estates.

9. The extent of the property under the management of the Court of Wards has increased during the year under report as the following figures show :—

Year.	Revenue-paying.			Revenue-free.		
	Whole villages.	Shares.	Patches.	Whole villages.	Shares.	Patches.
1886-87	1,374	1,513	3	5	82	3
1887 88	1,392	1,432	5	6	74	3
1888-89	1,430	1,640	4	5	72	7

Area and population of estates.

10. The area and population of the estates under the Court's charge for three years with details of the irrigated and unirrigated cultivated area are given in the following table :—

Year.	Total area.	Cultivated area.			Population.
		Irrigated.	Unirrigated.	Total.	
	Acres.	Acres.	Acres.	Acres.	
1886-87	836,496	168,011	315,787	483,798	1,113,011

1888-89	814,649	170,331	294,255	464,586	1,028,053

Rental, revenue cess and patwári rate demand.

11. The following figures show the gross rental demand compared with the demand for land revenue, cesses and patwári rate for the past three years :—

Year.	Gross rental demand.	Government demand.			
		Land revenue.	Cesses.	Patwári rate.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.
1886-87	17,45,113	8,04,384	99,249	...	9,03,633
1887-88	16,87,018	7,90,110	97,713	...	8,87,823
1888-89	18,31,634	8,13,925	1,00,419	14,403	9,28,747

12. The total demand of current rent amounted to Rs. 18,12,440, which was less by Rs. 19,194 than the full current rental of the year : the difference is accounted for by the fact that Rs. 1,213 were realized in advance and that decrees were obtained for Rs. 17,981. Of the current demand Rs. 16,41,090 were realized leaving a balance of Rs. 1,71,350 'outstanding' at the close of the year. The advance collections on account of 1889-90 amounted to Rs. 2,236.

The demand on account of arrears of past years amounted to Rs. 1,82,762 of which Rs. 76,162 were collected leaving an outstanding balance of Rs. 1,06,600.

The demand and collections by divisions are given in the subjoined table :—

Agra	93	30	88	92	17	84
Rohilkhand	93	41	89	94	26	89
Allahabad	92	44	89	88	43	84
Benares	91	56	88	90	53	86
Jhánsi	97	26	95	94	35	92

Every division except Rohilkhand shows a falling off in the total collections of both the current and arrear demands. In the Meerut Division the average results, good as they are, would have been better but for the short collections (50 per cent.) in the Kunjpura estate in Saháranpur which is entirely under the management of the Panjáb Court of Wards.

In Agra the falling off is partly due to short collections in the Arjunpur estate in Mainpuri and Farukhabad. This estate has suffered much from bad harvests and deterioration of villages, but the Board have lately found it necessary to impress upon the Collector of the latter district the necessity of devoting more attention to the affairs of this estate. The short collections in Musammat Jasoda Kuar's estate in Mainpuri and the Roshangpur estate in Etáwah, both of which were taken under management during the year, have also helped to reduce the percentage of the division. With regard to the large outstanding balances in the Karauli estate in Mainpuri Mr. Rose writes—"The results are very discreditable nor have I been able to obtain any explanation of the complete failure of the managing establishment in this respect. I have recently made enquiry into the subject and I find that the arrears extend over a series of years. In some instances the claims are barred by limitation, in others there is little or no prospect of enforcing them, but the accounts are so confused and there is so complete an absence of system in their maintenance that without a more detailed enquiry than I have yet been able to make I am not in a position to submit any distinct proposals with reference to these outstanding balances. * * * I am not at all satisfied that even reasonable efforts have been made to recover the balances." The Board have issued necessary orders in this matter, and Mr. Kaye observes that the facts reported are not creditable to former Collectors of Mainpuri. The large outstanding arrears in the Harchandpur estate in Etáwah include a sum of Rs. 1,104 which was suspended under section 23, Act XII of 1881, and an irrecoverable sum of Rs. 3,252 due from poor and absconded tenants which has since been remitted. The balance will be realized during the current year.

The falling off in the Allahabad Division is due to the whole year's demand being entered in Statement III in the case of Sheikh Faiyaz Ali's estate which was under management for only three months of the year when it was released, and to the fact becoming known that the Dube estate in Jaunpur was about to be released. If the proportionate demand of Sheikh Faiyaz Ali's estate had been shown the divisional percentage of collections of both the arrear and current demands would have been raised by 2 per cent. or to 86.

The collections in the Benares Division would have been better if the fact that the estate of Sarju Parshad in Gorakhpur was about to be released had not been known. Knowing this the tenants and lessees held back payment of their rents.

The falling off in the collection of the current demand in the Jhánsi Division is to be attributed to the poverty of the tenants and to indifferent outturn of harvests

in the Dhagwan Khurd No. II. estate, and as the defaulters were poor and in straitened circumstances it was not considered advisable to press severely for payment.

Balances.

14. The following table shows the current and arrear balances aggregating Rs. 2,77,950 by divisions :—

Division.	Balance.		
	Current.	Arrears.	Total.
	Rs.	Rs.	Rs.
Meerut	8,090	6,021	1,411
Agra	13,323	15,086	28,409
Rohilkhand	16,980	19,452	36,432
Allahabad	91,741	41,659	1,33,400
Benares	40,132	23,880	64,012
Jhánsi	1,084	502	1,586
Total ...	1,71,350	1,06,600	2,77,950

As explained above the balances in the Allahabad and Benares Divisions were swelled by the release of the Dube estate and of the estates of Sheikh Faiyaz Ali and Sarju Prasad.

The total balance in the Allahabad Division shown in the above table includes Rs. 53,959 which could not be collected during the year in the Dube estate in Jaunpur owing partly to indifferent harvests of the year, particularly the rabi, and to the poor outturn of the sugarcane crop, and partly to the fact becoming known that the estate was to be released from the management of the Court of Wards.

The large balance of Rs. 26,118 shown against the Majhauli estate in Gorakhpur is chiefly due to the non-realization of rents from *abadkars* or settlers on the estate who claimed proprietary rights. Their claims having been rejected by the Board on appeal it is hoped they will give no more trouble; but should they persist in withholding payment of their rents their ejection from their holdings will be considered.

Interest on Government securities.

15. The receipts from interest on Government securities show an increase of Rs. 9,919, the interest for the year being Rs. 36,834 as compared with Rs. 26,915 in 1887-88. The increase is chiefly due to the receipt of Rs. 9,759 on account of interest on securities of the value of Rs. 1,48,200 which belonged to Sarju Prasad's estate in Gorakhpur before it came under the Court's management. During the year securities to the value of Rs. 35,900 as shown below were sold for the purpose of providing funds for other investments :—

	Rs.	
Karauli	6,000	invested in loans.
Rawatpur	19,400	invested in landed property.
Dhagwan Khurd, No. I ...	10,500	ditto ditto.
Total ...	35,900	

The amount held in securities at the close of the year was Rs. 9,57,100 as against Rs. 7,38,150 at the close of the previous year.

Other receipts of the year.

16. The other receipts of the year consisted of —

	Rs.
Court of Wards and other loans	65,676
Debts recovered	1,44,420
Takávi advances recovered	9,555
Rent of houses	13,003
Occupiers' rate	41,845
Patwári cess	1,788
Sale proceeds of land and houses	1,26,634
Ditto Government securities	37,410
Miscellaneous receipts	1,41,188
Total ...	5,81,519

The gross receipts from all sources amounted to Rs. 23,37,841. The cash balance at the beginning of the year was Rs. 4,08,677, and the income available for expenditure was Rs. 27,46,518.

Government revenue, cesses and patwári rate.

17. Rupees 8,13,924 were paid on account of the Government demand for land revenue, Rs. 1,00,419 on account of cesses and Rs. 14,403 on account of the patwári rate. The percentage of land revenue to rental receipts of revenue-paying lands is 48.

The large percentage of land revenue to rental receipts in the following estates is due to short collections and not to overassessment as will be seen from the second column of the percentages which are calculated on the actual rental demand :—

	Percentage in column 28 of Statement IV.	*Percentage calculated on actual demand.*
Arjunpur (Mainpuri)	64	50
Dhukri (Sháhjahánpur)	62	56
Darwapur (Cawnpore)	65	56
Banajakha (Cawnpore)	61	52
Diya Chakwa (Bánda)	67	55
Kishan Chand and Gokul Chand (Bánda) ...	66	50
Dube (Jaunpur)	60	55

The percentage of land revenue to the actual demand in the Bamrauli estate falls at 66 per cent.: the large percentage (91·) shown in column 28 of Statement IV is due to short collections and to the inclusion in column 19 of arrears of land revenue paid during the year under report. The high percentage (66·) on the actual demand is explained to be chiefly due to nominally rented sír lands held by the minor proprietors of the estate. The whole of the property in the Pilibhít district has been sold to clear off a portion of the liabilities, and the percentage which the revenue bears to the rental demand in the remaining portion of the estate in the Sháhjahánpur district falls at 57 per cent.

The percentage of land revenue to rental receipts from revenue-paying lands in the Singhpur estate in Bánda falls at 156· against 118· in 1887-88. The Collector who was called upon for a report on this matter in September 1889 has not yet furnished any.

When management of the Baghel estate in Bánda was assumed in 1884 the percentage of land revenue to the rental demand was 49; but owing to unforeseen causes the rental has fallen from Rs. 900 to Rs. 665, and the percentage of land revenue has risen to 66 per cent. The difference between this figure and that (80·) shown in column 28 of Statement IV is due to short collections. The Collector has been asked to report as to the cause of the decrease in the rent-roll and collections.

The revenue demand in the Karim-ud-dinpur estate in Gházipur falls at 63 per cent. on the rental demand. As the revenue was fixed at the permanent settlement the Commissioner of Benares is of opinion that it would not be advisable to grant any reduction on the score of overassessment as it would be establishing a precedent which might be taken advantage of by other landholders whose property may be similarly circumstanced. The only course open was to improve the rental but this has been found to be impracticable owing to the peculiar circumstances of the estate.

The percentage in the Chirgaon estate in Jhánsi is actually 60 per cent. on the rental demand and not 80 per cent. as shown in column 28 of Statement IV. The difference is due to a sum of Rs. 397 on account of arrears having been included in the current demand in column 19.

Rupees 1,654 of the current revenue demand and Rs. 1,231 of the demand for past years remained due at the close of the year. The greater portion of the former amount is due from the estates in the Etáwah district and was suspended on account of agricultural calamities. The sums of Rs. 100 and Rs. 345 (including arrears of past years) due by the Karhai and Bhambha estates in Bánda, respectively, could not

be paid during the year owing to short collections and poor outturn of the kharíf harvest. Rupees 606 of the balance due on account of arrears of revenue and Rs. 59 on account of cesses by the Bamrauli estate are reported to be irrecoverable. The Collector has been asked for a further report on the subject.

Owners' and occupiers' rates.

18. The sums paid to Government on account of owners' and occupiers' rates were Rs. 3,103 and Rs. 45,156 respectively and call for no remarks.

Cost of management.

19. The management charges of the year amounted to Rs. 1,49,569 which falls at 7 per cent. of the receipts shown in columns 7 to 14 and 17 of Statement IV.

The high percentage (71·) in Shyam Sundar and Shyam Saran's estate in Moradabad is due to short collections owing to the release of the estate early in the year.

It has been ascertained that owing to the peculiar circumstances of the following estates the cost of management cannot suitably be reduced :—

	Percentage of cost of management to receipts.
Nagla Kisi (Etah)	15
Nagla Amin (Etah)	13
Fida Husain (Basti)	18
Beona (Jalaun)	12
Karora (Lalitpur)	12

The high percentages of cost of management in the Karhai (16·) and Sultan Husain (12·) estates in Bánda are chiefly due to the release of the estate of Seths Kishan Chand and Gokul Chand, and to the cost of the special management being divided among the remaining estates in the district. Owing to the release of this estate the pay of the special managers and their staff has been reduced from the commencement of the current year.

Special scheme of management.

20. The special scheme of management was in force in the following districts during the year :—

Muzaffarnagar.	Jaunpur.
Bijnor.	Gházipur.
Cawnpore.	Gorakhpur.
Allahabad.	

The income, cost of management and the percentage of the latter to the former for the above districts are shown in the following table :—

District.	Income for 1888-89, exclusive of opening balance, receipts from loans and sale proceeds of land and houses and Government securities.	Cost of special management.	Percentage of cost of special management.	Remarks.
	Rs.	Rs.		
Muzaffarnagar	88,640	3,377	3·8	* Since the release of the Sherkot estate in August 1886, a manager on Rs. 120 per mensem only has been employed.
Bijnor*	1,37,021	8,028	5·8	
Cawnpore	89,776	8,641	9·6	
Allahabad	4,19,623	†24,944	5·9	† These figures relate to Court of Wards' estates alone. Estates managed under sections 323 and 326 of the Civil Procedure Code and State properties also pay their quota of the cost.
Jaunpur	2,36,204	18,986	8·	
Gházipur	62,395	†4,661	7·4	
Gorakhpur	3,81,627	20,518	5·3	

The special management has continued to work satisfactorily. As regards Bijnor I am to say that since the pay and status of the special manager in this district are now lower than contemplated by the scheme of special management the Junior Member thinks it unnecessary to show this district as under the special scheme for the future.

The Junior Member has commended the work of the following special managers :— Munshi Zain-ul-Abdin, Mr. E. W. Ricketts and Babu Parshotam Das.

The system of management in Bánda underwent no change. The total cost of management amounted to Rs. 4,080 which falls at 5·7 per cent. on a rent-roll of Rs. 71,154. The decrease in the rent-roll of the year as compared with that of 1887-88 is due to the release of the estate of Seths Kishan Chand and Gokul Chand during the year.

With regard to the question of placing the Bánda estates under a special manager which was raised during the year the Commissioner of Allahabad (Mr. Harington) concurs in the views held by the successive Collectors of Bánda that such a scheme is unsuitable to local circumstances. He at the same time does not feel at all satisfied with the present state of things, and has been requested by the Board to give his particular attention to the local management of these estates and among other things impress upon the Collector the necessity for more free grants of takávi where it can be given with any reasonable amount of security.

Owing to the release of the Dube estate in Jaunpur on 1st October 1889 the special scheme of management in that district has been abolished and the remaining estates brought under the direct supervision of the Collector.

On the recommendation of the Commissioner and Collector the special scheme of management which was abolished in April 1886 has been reintroduced in the Shahjahánpur district with effect from the 1st October 1889.

Miscellaneous charges.

21. The miscellaneous charges amounted to Rs. 1,97,844 against Rs. 1,85,486 in the previous year. The increase is chiefly due to the inclusion under this head of the cash balances made over to the proprietors of Shaikh Faiyaz Ali's and Dube estates.

Personal expenses of proprietors.

22. The 'ordinary' and 'extraordinary' personal expenses of the year amounted to Rs. 1,60,699 and Rs. 87,338 against Rs. 1,45,194 and Rs. 58,439 respectively in 1887-88. The increase under the former head is partly due (1) to the payment to the wards of the Bhandura estate in Muzaffarnagar of their allowances for seven months of 1887-88 during the year under report; (2) to the allowances of the proprietors of the Dube estate and of their family being increased by Rs. 7,200; and (3) to the payment of Rs. 6,000 to the proprietor of the estate of the late Sarju Prasad in Gorakhpur and his family. The accounts of this estate have appeared for the first time in this report. The large expenditure under 'extraordinary' in Karam Ali Khan's estate is due to the marriage of the ward; in Ram Saran Das' estate to the marriage of the ward and his sister; in Begam Mashuk Mahal's estate to the marriages of the two youngest daughters; and in the Nahal estate to the marriage of the niece of Rao Dal Singh. The large expenditure in Partab Chand's estate is chiefly due to the illness of the ward and to the death of his step-mother.

Education and Wards' Institute.

23. The educational charges of the year amounted to Rs. 17,846 as compared with Rs. 18,878 in 1887-88. The decrease is chiefly due to the death on 21st October 1888 of the ward, Ram Ratan Singh, of the Parna estate who was being educated at the Wards' Institute at Agra.

From 1st January to 31st December 1889 the general charges for superintendence, establishment, &c., of the Wards' Institute amounted to Rs. 9,090, and the private expenses of the wards to Rs. 4,492 as against Rs. 9,180 and Rs. 4,830 respectively in the previous year.

The following is a list of the wards who have been in the Institute during the year :—

District.	Name of estate.	Name of ward.
Meerut	Karam Ali Khan ...	Khurshed Ali Khan.
	Ram Saran Das ...	Banarsi Das.
	Hapur	Saiyid Muhammad Mohsin.
Mainpuri	Karauli	Lal Ishri Prasad Narain Singh.
Bareilly	Begam Mashuk Mahal ...	Muhammad Husain Khan.
Hardoi (Oudh) ...	Marwan	Bishambhar Nath.
	Khajurahra... ...	Thakur Shankar Bakhsh.
Bahraich (Oudh) ...	Rehwa	Bijai Bahadur Singh.
Sultánpur (Oudh) ...	Walipur	Rája Pratab Bahadur Singh.
Partábgarh (Oudh) ...	Dahyawan	Babu Randhir Singh.

A manuscript report on the working of the Institute and the progress made by each ward accompanies this report.

Improvements.

24. The expenditure on improvements which were carried out in 29 estates amounted to Rs. 36,506 as compared with Rs. 54,865 in the previous year. It will be observed that of the former sum Rs. 10,550, or nearly 29 per cent., were spent on the construction of wells.

The largest sums were spent on the following estates :—

	During the year.	From date of assumption of charge.	Date of assumption of charge.
	Rs.	Rs.	
Rawatpur	7,516	79,339	24th June 1873.
Partab Chand	5,843	1,06,490	27th June 1872.
Dumri	5,406	1,19,014	May 1882.
Karauli	2,194	33,332	18th November 1879.
Ram Saran Das ...	2,139	15,687	11th May 1883.
Begam Mashuk Mahal ...	2,014	12,251	9th January 1884.
Majhauli	1,632	37,218	22nd November 1871.
Sahanpur	1,450	16,078	1st January 1881.
Anapur	1,378	15,362	16th January 1882.
Dube	1,314	34,541	28th August 1878.

Only Rs. 574 were spent on improvements in Karam Ali Khan's estate during the year under report, but altogether a sum of Rs. 36,636 has been spent since it came under management.

With reference to the remarks contained in paragraph 9 of the Government order reviewing the report for 1887-88 it may be mentioned as regards improvements by tenants that it has been ascertained that in some estates the tenants are mostly well-to-do men with occupancy rights, and that none have ever applied for assistance in carrying out improvements ; in others no tenants are encouraged or assisted as all of them have good stocks, while in some they are encouraged by free grants of wood for burning bricks for the construction of wells.

In the Narainpur estate a drinking well was made by a tenant at an estimated cost of Rs. 150, and in the Kasimpur estate the tenants constructed five masonry and two kachcha wells the Court of Wards assisting them with wood gratis and a takávi advance of Rs. 100. In Ata Husain Khan's estate two masonry wells were constructed by the tenants at their own expense the Court of Wards aiding them by supplying wood gratis for burning bricks. Besides 15 bighas of waste land were brought under cultivation by the tenants under the inducement of a lighter assessment. Again in Partab Chand's estate a tenant repaired the platform of an old well at his own expense the estate giving him gratis about 1,000 broken bricks. This well is now used for drinking purposes. Three hundred and twenty-five new fruit trees were also planted by the tenants during the year. Three pakka wells were also constructed

by the tenants of the Sarai Mir estate assistance being given them by the free grant of materials.

In the Bara estate in Allahabad the Collector reports that Rs. 299 were advanced to 17 insolvent tenants for the purchase of bullocks as without this assistance they were unable to cultivate their lands. The Collector adds that the tenants on this estate are further assisted by the distribution of seed grain from an old stock of the Rája, and by grant of wood for building purposes as well as for consumption; but being careless and thriftless they avail themselves but little of these advantages.

Takávi advances.

25. Takávi advances aggregating Rs. 10,077 were made to tenants in estates during the year.

Repayment of loans.

26. The total principal of debts due from estates under management from the previous year and of those that came under management during the year amounted to Rs. 12,44,351. Rupees 4,06,904 were paid during the year in liquidation of these leaving a balance of Rs. 8,37,447 at the close of the year as shown in column 11 of Statement VII. The details of payment are—

	Rs.
Towards Court of Wards or State loans	94,818
Other debts	3,12,086

The progress made in repayment of these debts since the estates concerned were taken under management is shown in Statement VII of which the following is an abstract :—

	Rs.
Debts due when superintendence was assumed	40,20,499
Incurred after ditto ditto	14,[illegible]8,795
	55,19,294
Debts paid off by incurring other debts or by sale of property ...	22,81,947
Ditto from cash balance in hand or otherwise	23,99,900
	46,81,847
Balance due at the close of the year as shown above	8,37,447
Total ...	55,19,294

Court of Wards' loans.

27. During the year Rs. 55,071 were advanced by the Court of Wards from one estate to another (column 16 of Statement V). No loans were granted to private individuals. Since the close of the year a loan of Rs. 3,00,000 has been advanced to Government for municipal water works projects.

The total arrears due at the close of the year from one Court of Wards estate to another amounted to Rs. 3,786 details of which are given in columns 15 and 16 of Statement VIII. For want of funds this amount could not be paid.

State loans.

28. During the year a State loan of Rs. 3,000 at 5 per cent. was granted to the proprietor of the Sangaband estate in the Mirzapur district on a usufructuary mortgage of his property under G. G. O. No. 3731, dated 10th July 1888. This estate is managed by the Court of Wards.

The total balance due at the close of the year amounted to Rs. 1,01,520. This amount includes Rs. 13,538 on account of arrear instalments of principal due by the Arjunpur estate. These arrears could not be paid during the year owing to short collections due to bad harvests. A report has been called for from the Collector of Mainpuri as to how matters stand in regard to this estate which will be separately submitted to Government.

Investments.

29. The investments of surplus funds made during the year were—

	Rs.
In Government securities	1,39,313
In landed property and houses	1,30,591
Total ...	2,69,904

Closing balance.

30. The total expenditure of the year amounted to Rs. 23,68,763, and the cash balance at its close was Rs. 3,77,755.

Notices of ejectment.

31. Three hundred and fifty-one notices of ejectment relating to 2,258 acres of land were issued during the year. Thirty-four notices were contested successfully and 49 unsuccessfully. In 149 cases the tenants relinquished their holdings and in 104 cases they were permitted to retain them at an enhanced rent.

Applications for enhancement of rent.

32. Seventeen applications for enhancement of rent affecting 23 tenants were filed during the year, the area to which the applications referred being 318 acres. The rate per acre was raised from an average of Rs. 2-4-6 to Rs. 2-11-8, and the rent enhanced from Rs. 725-6-6 to Rs. 868-13-10.

Civil litigation.

33. The Legal Remembrancer's report deals with the civil litigation of the Court of Wards. The return showing what portion of the amounts decreed in favour of the Court of Wards was realized or remitted during the year of report, and also the sums outstanding on 1st October 1889, is printed as Statement No. XVII. The difference between the opening balances of certain estates and the closing balance of the previous year is explained by the Legal Remembrancer in the case of the balances on 1st October 1887, to have been due to the latter figures being wrong and to correct figures having been brought forward as the opening balances, and it is understood that the same explanation applies to the balances on 1st October 1888. It should be borne in mind that the Legal Remembrancer deals only with civil litigation and that rent and revenue cases are ordinarily dealt with by Collectors themselves.

Conclusion.

34. The management of Court of Wards' estates during the year was satisfactory. The Junior Member desires to commend the work of Messrs. R. S. Whiteway (Meerut), F. S. Bullock (Bijnor), E. Rose (Mainpuri), F. W. Porter (Allahabad) and D. T. Roberts (Gorakhpur), and in particular the exertions of Mr. E. B. Alexander, Collector of Etáwah, who has laboured unremittingly in the interests of the estates under his care.

Statements XIII to XVI show the accounts of the several Benevolent Trusts, and the year's management of the Trusts is noticed in Appendix A.

I am to add that although this report is issued in the name of Mr. W. Kaye the Department was during the year in the charge of the following officers, *viz.*, Hon'ble J. W. Quinton from 1st to 13th October 1888 and from 1st April to 8th July 1889; Mr. J. C. Robertson from 14th October 1888 to 31st March 1889, from 9th to 15th July 1889 and from 31st July to 30th September 1889; and Mr. J. J. F. Lumsden from 16th to 30th July 1889.

I have the honour to be,

SIR,

Your most obedient servant,

C. J. CONNELL,

Secretary.

APPENDIX A.

Benevolent Trusts, North-Western Provinces.

The number of charitable and other trusts on the Board's list at the close of the year was 21 as compared with 23 in 1887-88. The difference is due to the transfer during the year of the "Thomason Testimonial attached to St. John's College, Agra" and "Babu Raghunandan Prasad's Endowment attached to the Ballia School," which are for purely educational purposes, to the list of educational endowments under the control of the Director of Public Instruction. Statements XIII to XV show the accounts of these trusts.

The opening cash balance was Rs. 15,020, and the total receipts of the year Rs. 40,173. The total available income of the year thus amounted to Rs. 55,193. The total expenditure amounted to Rs. 41,888 leaving a cash balance at the close of the year of Rs. 13,305.

Inclusive of Rs. 2,17,800 invested in Government securities the surplus assets at the close of the year amounted to Rs. 3,69,489.

Educational Endowments.

Statement XVI contains a list together with the accounts of these endowments which are under the immediate control of the Director of Public Instruction, North-Western Provinces and Oudh.

The four cases of annual donations noticed in paragraph 14 of the Government review of the Court of Wards report for 1887-88 have this year been excluded from the list. The following have also been excluded from the list as they no longer exist, *viz.*, (1) Proceeds of a general subscription for the promotion of education, Bulandshahr district; and (2) the Ghâzipur Deokali endowment. The Government securities which comprised the former endowment have been sold and the money spent in building additional rooms to the high school, and those which comprised the latter have been returned to the heirs of the donor under the authority conveyed in G. O. No. $\frac{2605}{\text{III}-298\text{-}9}$, dated 31st December 1888. Besides the two endowments received by transfer from the Board's list of Benevolent Trusts mentioned above, the following appear for the first time in Statement XVI, *viz.*, (1) Duke of Edinburgh's scholarship, Cawnpore, and (2) Babu Beni Madho Das' Jubilee School Endowment, Mirzapur.

Including an opening balance of Rs. 8,136 the available income of the year amounted to Rs. 52,823. Rs. 45,699 were expended in carrying out the wishes of the donors leaving a cash balance of Rs. 7,124 at the close of the year.

APPENDIX B.

The following statement shows in a concise form the financial position of estates taken under management on the application of the proprietors, and includes (*a*) such estates as have been released during the past ten years, and (*b*) estates which at the close of the year under report had been under management for five years and over. A supplementary statement shows the number of such estates of which management has been assumed under clause (*g*) of section 194, Act XIX of 1873, in each year since the passing of the Act.

The information given in this appendix is furnished in compliance with the orders contained in G. O. (Revenue Department) No. $\frac{1317}{\text{I}-718}$ of 3rd September 1889.

The principal object to secure which the charge of these estates was assumed by the Court of Wards was to clear off by careful management the liabilities with which they were embarrassed, but the Dubari estate though free from debt was taken over at the request of the owner, Mrs. Venables, as she was resident in England and unable personally to supervise the management of her estate. Of the remaining 16 estates detailed in the statement which have been released, 11 were entirely freed from the debts, amounting to Rs. 10,61,537, with which they were burdened, and in 5 the debts were reduced from Rs. 3,12,366 to Rs. 63,073. The balance of the debt due by Ata Husain Khan (No. 18) and Sahanpur (No. 19) estates was paid off during the year : the former has since been restored to the owners, and the latter will be retained under management during the lifetime of the owner under the orders conveyed in G. O. No. $\frac{1117}{\text{I—54GA.}}$, dated 29th July 1889. The liabilities of the 9 estates still under management have been reduced from Rs. 11,12,367 to Rs. 2,49,336 at the close of 1888-89. The balance of the debt due by the Nahal estate (No. 27) has since been discharged, but it has been decided to retain management of the estate for a further period of five years (*vide* G. O. No. $\text{I}-\frac{509}{499}$, dated 21st April 1890).

The total amount devoted to the repayment of loans by the several estates shown in the above statement was Rs. 23,92,431. Of this sum Rs. 18,83,672 were paid from the profits of the estates and Rs. 5,08,759 were met by sale of landed property and houses. Sale of land was resorted to only in cases where any other arrangement was impracticable or where the adoption of this course was considered advisable in order to consolidate the estates by the sale of outlying portions.

Columns 8, 9 and 10 of the statement show that in the case of 16 estates the normal income has increased during management while in 12 it has decreased. The increase is due to the redemption of villages from mortgage and the acquisition of landed property by purchase or inheritance, and also to increased cultivation, the correction of rent-rolls, works of improvement and other similar causes. The decrease is attributable chiefly to the sale of landed property and in some cases to deterioration of lands by the spread of *kán*s grass or other causes.

The Junior Member considers that, looking to the object in view, the payment of the debts and the improvement in the financial position of the estates taken under charge, the effect of the action taken to assume the management of estates of persons declared disqualified on their own application, may be regarded as generally satisfactory.

ORDERS OF GOVERNMENT.

No. $\frac{1573}{\text{I—427}}$ OF 1890.

FROM

THE CHIEF SECRETARY TO GOVERNMENT,

N.-W. PROVINCES AND OUDH,

To

THE SECRETARY TO THE BOARD OF REVENUE,

NORTH-WESTERN PROVINCES.

DATED NAINI TAL, THE 17TH SEPTEMBER 1890.

SIR,

REVENUE DEPT. I AM directed to acknowledge the receipt, on 21st July last, of the Board's Report on the Administration of the Estates held under the Management of the Court of Wards for the year ending 30th September 1889.

2. The report is very late this year, and the explanations, which are always necessary, should have been more promptly submitted by the District Officers to whom the Board referred.

3. The report deals with 122 estates, of which 103 were in charge of the Court at the close of 1887-88, and 19 were taken under management during the year. Fourteen estates were released in the course of the year, of which nine were estates of minors made over by the Civil Court; three were estates of minors taken over by the Court of Wards on its own motion; and two were estates of persons declared by the Local Government on their own application to be disqualified from managing their property. A brief history of each estate released is given in the report: the principal estates so released were those of Kishan Chand and Gokal Chand of Bánda, with a rental of Rs. 50,655; of Shaikh Faiyaz Ali of Allahabad, with a rental of Rs. 19,852; and of Raja Hari Har Dat Dube and Shankar Dat Dube of Jaunpur, with a rental of Rs. 2,35,278.

4. Of the 19 estates which came under the Court's management during the year, ten were made over by the Civil Court; four were taken by the Court of Wards on its own motion; and the others mainly belonged to persons disqualified on their own application. The total rental of these estates, excluding those for which no accounts are given in the appendices, aggregated Rs. 1,24,000. The most important estates are those of Sarju Parshad of Gorakhpur, with a rental of Rs. 60,271; of Bhatpura Rasulpura, Sháhjahánpur, with a rental of Rs. 20,666; of Roshangpur, Etáwah, with a rental of Rs. 11,338; and of Khamaria, Sháhjahánpur, with a rental of Rs. 10,780. The smallness of some of the estates of which the Court assumed charge is noticeable: one of these is reported to have an income of no more than Rs. 3. It should surely be possible to affect an arrangement

with co-parceners under adequate security without bringing such minute properties under formal management.

5. The total income, expenditure and balances of the estates are shown in the following table:—

	Rs.		Rs.
Cash balance at close of last year	4,08,677		
Receipts during the year ...	23,37,841	Rents of land ...	17,05,302
		Other receipts ...	6,32,539
Net income ...	27,46,518		
Total expenditure ...	23,68,763	Chargeable to profits,	13,24,418
		Personal and miscellaneous ...	10,44,345
Cash balance at close of the year	3,77,755		

6. The demand of rent, current and arrears, amounted to Rs. 19,95,202, of which Rs. 17,17,251 were collected, being 41 per cent. in the case of arrears, and 90 per cent. in the case of current rents, as compared with the percentages of 48 and 92 respectively in the previous year. In every Division, except Meerut and Jhánsi, more than 10 per cent. of the initial demand for current rent and arrears remained in balance at the end of the year. The reasons for this diminution in the collections are explained in the report, and are not altogether satisfactory. There were admittedly harvest losses in some districts which would account for short collections, but it has again to be said that with the strong establishments in the Court of Wards which the papers show, better results in the recovery of rents ought to be ordinarily attained. In estates like Faiyaz Ali's and the Dubé property in Jaunpur, which have been long under official management, and in which there is no dispute as to the succession, there ought to be no difficulty in ensuring the methodical collection of the rental to the last. Some bad debts are certain to occur in every year, but the rents are too high or the management is not successful when six per cent. of the rental remains uncollected in an ordinary season. The collections in the Meerut Division were excellent. The Lieutenant-Governor has read with surprise and dissatisfaction the description of the Karauli accounts given by the Collector of Mainpuri, and requests that explanation be called for from the officers responsible for the condition in which they were found by Mr. Rose.

7. The income from sources other than rent amounted to Rs. 6,32,539, of which Rs. 1,44,420 were derived from debts recovered, Rs. 1,26,634 from sale proceeds of land and houses, and Rs. 1,41,188 from miscellaneous receipts, including interest on loans. Under the former head the Sarju Parshad estate alone received Rs. 41,179, and the Begam Mashuk Mahal estate Rs. 25,382. In the Review of the report for the previous year it was noticed that the total income from the sale proceeds of Government and other securities had been abnormally swollen by the receipts of the Rawatpur estate which had

sold out securities to the value of Rs. 62,631. The total receipts from this source during the year of report amounted to Rs. 37,410 only, of which Rs. 19,018 were realized by the Rawatpur and Rs. 10,815 by the Dhagwan Khurd No. I estates. The money was, however, re-invested by both estates in landed property. The sale proceeds of lands and houses largely exceeded the realizations of the previous year, and no less than Rs. 70,458 were credited to the Harchandpur estate, and Rs. 6,160 to the Misri Lal estate.

8. A sum of Rs. 8,13,924 was paid on account of the Government demand for land revenue, which fell at 48 per cent. on the rental receipts. In the Review of the report for 1887-88 it was asked that a special report should be submitted in regard to each estate in which the revenue exceeds two-thirds of the full rental. The statistics of the year under report show several estates in which this average is exceeded, and it is explained that in most of them the cause is due, not to over-assessment, but to short collections and the inclusion in the accounts of arrears of land revenue paid during the year. In the Singhpur estate, Bánda, the percentage of land revenue to rental receipts has risen from 118 in 1887-88 to 156 in 1888-89. It is reported that the Collector has not yet complied with the Board's requisition of September last for an explanation. The Lieutenant-Governor would be glad to know the reason of the Collector's delay and the proposals of the Board in regard to the revenue of this estate. The affairs of the Bhagel, Karhai and Bhamba estates in the same district require careful attention.

9. - The cost of management amounted to Rs. 1,49,569, which falls at 7 per cent. on the ordinary income. The high percentage (71·) in Shyam Sundar and Shyam Saran's estate, Moradabad, is explained by the Board to be due to the release of the estate early in the year before rents had come in sufficiently to pay more than the establishment. In five estates the percentage varies from 12 to 18. The Lieutenant-Governor accepts the assurance of the Board that owing to the peculiar circumstances of these properties the cost of management cannot be reduced; but he trusts that the Board will not remit endeavour to retrench expenses of management on these properties either by lessening the staff as difficulties diminish, or by amalgamating managing establishments, as opportunity occurs. In consequence of the release of Seth Kishan Chand and Gokal Chand's estate in Bánda, it has been found necessary to divide the cost of the special management among the remaining estates of the district, and this accounts for the high percentage shown against the Karhai and Sultan Husain estates. A reduction has, it is said, been effected in the cost of the special establishment from the commencement of the current year. The special scheme of management was extended to the Muzaffarnagar district during the year under review, and was in force in seven districts. It was abandoned in Jaunpur owing to the release of the Dubé estate, and re-introduced into Sháhjahánpur, with effect from 1st October 1889. The Lieutenant-Governor agrees with the Board that the pay of the special manager in the Bijnor district is not such as to bring this district under the special scheme.

10. Of the Rs. 14,22,099 shown in column 4 of Statement V as available for miscellaneous expenditure, Rs. 2,48,037 were spent in personal expenses, and Rs. 7,96,308 in miscellaneous disbursements, as compared with Rs. 2,03,633 and Rs. 5,33,136 respectively in the previous year. The personal expenses fluctuate with the number of marriages on the several properties. The total expenditure on education amounted to Rs. 17,846 against Rs. 18,878 in the past year, the decrease being due chiefly to the death, in October 1888, of Ram Ratan Singh of the Parna estate, who was being educated in the Wards' Institute at Agra. The statement appended to paragraph 23 of the report is apparently incorrect in showing two new wards as having joined the Institute during the year. One of these, Babu Randhir Singh of Dahyawan, in Partabgarh, is entered in the manuscript report on the Institute as having joined in October 1889, after the expiry of the year of report. The number of boys from the North-Western Provinces stands at five, the same as in the previous year, which is a very small proportion from the 99 estates belonging to minors under the charge of the Court of Wards. The report of the Superintendent on the progress made by the wards is fairly satisfactory, but, as remarked by the Commissioner, their education is still very backward, although the institution has made distinct progress under Mr. F. L. Thomson. The Lieutenant-Governor trusts that the Board will take opportunity to examine the Institute carefully during next cold weather, and that the changes on the staff, of which the Commissioner writes and in the desirability of which the Board agree, will be carried out.

11. The expenditure on improvements was Rs. 36,505 as compared with Rs. 54,865 in 1887-88. Works were, however, undertaken in only 29 of the 122 estates under the Court's management. The largest sums were spent in the following estates, and chiefly in the construction of wells and tanks:—

	Rs.
Rawatpur	7,516
Partab Chand	5,843
Dumri	5,406

The Board have shown that in most of the larger estates a good deal of money has been devoted to works of improvement since the assumption of charge by the Court of Wards. But in the undermentioned estates very little has been done, although the cash balances at credit admitted of a large expenditure on improvements.

In reply to the inquiry made in the Review of the report for 1887-88, it is explained that in some of the estates the tenants are mostly well-to-do men with occupancy rights and do not apply for assistance in carrying out improvements; while in others no tenants are encouraged or assisted at all, as they have good stocks of their own; while in some they are given free grants of wood for burning bricks for their wells. The works are generally made at the expense of the tenants, assisted in the manner stated above. The circumstances of estates, of course, vary. Some are so encumbered as to have little if any money to spare; others are in the canal tracts where further improvements are possibly not wanted. But the matter is a very important one. It is not the whole duty of the Court of Wards to extricate estates from embarrassments that often originate in foolish extravagance, or to accumulate hoards for the prospective possessor. The management of the Court should be signalized by improvement of the estate itself, whenever improvement is needed and is possible. When the estate has funds of its own to spare the Collector has excellent advisers to assist him to a profitable outlay; when the estate has none, there are still means of inducing tenants to invest their capital by help of various kinds, which involves no direct expenditure. If the instances given in paragraph 24 of your report are all that can be gathered from the estate reports, it is plain that the tenants are not in fact encouraged at all, and the Lieutenant-Governor trusts that the Board will see that Collectors, especially in those districts where they have the help of a special manager, pay more attention in future to a branch of the work of management which of all others affords the best evidence of a genuine interest in the affairs and the welfare of the estates committed to their charge, and the best example to the landlords of the district.

12. Rs. 4,06,904 were devoted during the year towards the reduction of debt. The most noticeable items are Rs. 1,21,793 disbursed by the Harchandpur estate on this account; Rs. 58,010 by the Majhauli estate, Rs. 31,449 by the Kishan Chand and Gokal Chand estate; and Rs. 28,430 by the Bhatpura Rasulpura estate. Forty estates were entirely freed from debt during the year, the most important of them being those noted on the margin. Bara continues to be the most heavily encumbered estate on the books, showing a deficit of Rs. 2,37,384; then come Sarai Mir with Rs. 90,376; Harchandpur with Rs. 72,853; Majhauli with Rs. 70,374; and Chakkarnagar with Rs. 53,000. The total balance of principal still amounts to Rs. 8,37,447, but this is raised to Rs. 8,49,895 by the inclusion of interest.

13. The Board have given in Appendix B an interesting statement showing in a concise form the financial position of estates taken under management on the application of the proprietors, which include such estates as have been released during the past ten years, and those which at the close of the year under report had been under management for five years and over. The charge of these estates was assumed

by the Court of Wards with the object of releasing them from the liabilities with which they were embarrassed, and the figures given in the statement show how much has been achieved by careful management. Of the 28 estates mentioned, 16 were released up to the close of the year under report, and 11 of these were entirely freed from the debts, amounting to Rs. 10,61,537, with which they were burdened; while in five the debts were reduced from Rs. 3,12,366 to Rs. 63,073. The liabilities of the estates still under management have been reduced from Rs. 11,12,367 to Rs. 2,49,336. Altogether, the total amount devoted to the repayment of loans by the several estates entered in the statement was Rs. 23,92,431, of which Rs. 18,83,672 were paid from the profits of the estates, and Rs. 5,08,759 were met by sale of landed property and houses. The Lieutenant-Governor concurs with the Board that the Court's management of these estates has been very efficient.

14. Government securities to the value of Rs. 1,39,313 were purchased during the year under review; and the Partab Chand estate was the largest purchaser (Rs. 52,500). A sum of Rs. 1,30,591 was invested in landed property and houses, the Sarju Parshad estate having expended no less than Rs. 39,810 under this head. The cash balances in hand at the close of the year amounted to the very large sum of Rs. 3,77,755, of which Rs. 99,971 stood at the credit of the Sarju Parshad estate. The prompt investment of considerable balances in Government paper, if no other investment is immediately convenient, should be always seen to.

15. The statistics of rent litigation for the past two years are compared in the following table, and do not call for special remark:—

Year.	*Notices of ejectment.*						*Applications for enhancement of rent.*						
	Number issued.	Area to which notices referred.	Contested successfully.	Contested unsuccessfully.	Tenants relinquished holdings.	Tenants left in possession at enhanced rates.	Number of applications.	Number of tenants.	Area in acres.	Rent previously paid.	Rate per acre.	Rent decreed.	Rate per acre.
		Acres.								Rs.	Rs. a. p.	Rs.	Rs. a. p.
1887-88 ...	323	2,080	24	45	177	64	26	62	269	729	2 11 3	1,104	4 1 6
1888-89 ...	351	2,258	34	49	149	104	17	23	318	725	2 4 6	869	2 11 8

The number of ejectment notices issued on the Court of Wards' estates, as will be seen, increased in the past year: and the Lieutenant-Governor would like in future more information than the present report gives of the reasons for the issue of notices on estates where they are numerous. In the Bara estate 57 notices were served, resulting in 51 cases in a mere enhancement of rent; it should have been explained whether enhancement of these rents of tenants-at-will was attainable in no other fashion but by the formidable procedure of ejectment, and whether it was necessary by procedure on so considerable a scale to remind the tenants of the powers of the Court. In the Azizganj estate

20 notices were issued, with the result that 13 tenants were removed from their holdings. Their eviction may have been perfectly proper in the interests of good management, but the justification of the measure should have been given in the report.

The civil litigation of the Court of Wards is dealt with in the report of the Legal Remembrancer, but Statement XVII exhibits the result of the action taken during the year to recover the demands on account of sums decreed in favor of the estates. The total demand for principal, interest and costs was Rs. 1,16,620, of which Rs. 87,216 were due at the commencement of the year, and Rs. 29,404 were awarded during the year. The realizations reached the meagre aggregate of Rs. 15,929 and the remissions Rs. 823, leaving a balance of Rs. 99,868 uncollected at the close of the year, of which two-thirds are classed as recoverable. The result corroborates much previous experience of the difficulty of recovering rent arrears in execution of decree.

16. The number of charitable and other trusts on the Board's list is 21 as compared with 23 in the previous year, the difference being due to the transfer, during the year, of two educational endowments to the control of the Director of Public Instruction. The total receipts and disbursements of benevolent trusts for the two years were as follows:—

		1887-88.	1888-89.
		Rs.	Rs.
Receipts ...	Opening balance ...	13,632	15,020
	Receipts	38,313	40,173
	Total ...	51,945	55,193
Expenditure ...	(*a*) For trust purposes ...	28,046	34,352
	(*b*) For other purposes ...	8,741	7,536
	Total ...	36,787	41,888
	Closing balance ...	15,158	13,305

The increase in the expenditure is due to the large sums spent on repairs of roads, bridges and buildings belonging to the Rani Kishori Kumar, the Gopalganj bazár, and the Raja Kali Shankar Ghosal's Asylum Trusts. Four new educational endowments have been brought on the list. The total assets of these amounted to Rs. 52,823, of which Rs. 45,699 were expended in carrying out the wishes of the donors.

17. In conclusion, I am to express the Lieutenant-Governor's concurrence in the opinion of the Board that the management of the Court of Wards' estates during the year was on the whole satisfactory; but he desires that more attention be given to the collection of rents in seasons when there has been no failure of harvest; to reduction of expenditure in estates, when the cost of management is high; to the development of the estates by improvements: and to the careful check

by the Collectors of the use by their subordinates of the ejectment sections of the Rent Law. He notices with pleasure the commendation bestowed by the Junior Member on the work of Messrs. Alexander, Whiteway, Bullock, Rose, Porter and Roberts.

I have the honor to be,

SIR,

Your most obedient servant,

J. WOODBURN,

Chief Secy. to Govt., N.-W. P. and Oudh.
